

TO: ALL MEMBERS OF CEDA & FRIENDS

Dear All

### WODCON XXIII Extends Deadline for Abstract Submissions

The WODCON Technical Papers and Programme Committee announced today that it will be extending the deadline for submission of abstracts to **1st October 2021**. For CEDA members, who have been focussing on presentations for [CEDA Dredging Days 2021](#), this is welcome news, but time is ticking. October will soon be upon us so, if you have a paper that you want to present at [WODCON XXIII](#), in May next year, don't forget to get your submissions in.

We thank our early [sponsors and exhibitors](#) for the support.

Look forward to seeing you at the Dredging Days and receiving your abstract for WODCON XXIII.

Kind regards,

Anna Csiti  
General Manager CEDA

### Comments, Questions?

Should you have any questions or comments about any item in this Newsletter or the Newsletter itself, please contact the CEDA Secretariat.
